PROFESSIONAL SUMMARY

Enthusiastic Full Stack Developer with over two years of experience in multiplatform application development, encompassing web to mobile with React and React Native. Adept at backend development, with a strong proficiency in TypeScript, Tailwind, and PostgreSQL. Committed to collaborative teamwork and driven by a passion for personal growth and software development lifecycle mastery.

TECHNICAL SKILLS

- **Frontend:** HTML, CSS, Tailwind, JavaScript, TypeScript, React, Next.js, React Native
- **Backend:** Node.js, Express, NestJS
- **Databases:** PostgreSQL, MongoDB
- **Version Control:** Git

CERTIFICATIONS

Software Developer

Radium Rocket

March – July 2022

- Collaborated in a team to design and develop a user-friendly Screenflow.
- Performed front-end and back-end programming tasks.
- Assisted senior developers with managing complex projects.
- Innovated web features in a dynamic development environment.
- Utilized agile methodologies (scrum) and version control (Git).

LANGUAGES

- Spanish (Native)
- English (Intermediate / B2)

WORK EXPERIENCE

Full Stack Developer

Mundo IT

July 2023 – Present

- Spearhead the development and maintenance of cross-platform applications.
- Craft sophisticated web and mobile applications.
- Engineer robust API integrations and database management systems.
- Streamline deployment processes for enhanced performance.

Back End Developer

AikoDev

January 2023 – June 2023

- Designed, developed, and deployed backend services using Node.js.
- Maintained and enhanced code, ensuring high performance and responsiveness.
- Implemented APIs and optimized system efficiency.

Front End Developer

Freelance

August 2022 – December 2022

- Managed design, development, and optimization of multiplatform pages and applications.
- Specialized in UI/UX design, developing responsive applications.
- Focused on performance optimization and business logic implementation.

EDUCATION

Universidad Nacional de Rosario (UNR)

Studies in Electronic Engineering

2018 – 2022

Acquired a solid foundation in advanced mathematics, physics, and introductory programming principles (using C Language and Python), forming the basis for a career in software development

Technical Electromechanic

Escuela Técnica N° 452

2012 – 2017
